

# Plastic Card Certificates

**Wouldn't it be fantastic if your students carried your contact details everywhere they go?**

We now offer a high quality credit card certificate service from as little as 55p per print, that will enable them to do just that!

The glossy plastic cards can be fully personalised to contain your contact details, course title, delegate name and your signature if desired.

**Also available: Fire Safety – Food Hygiene – Manual Handling**

## How it Works

- STEP 1** Agree your required design with us (on the first order only\*).
- STEP 2** Decided the amount of print credits you wish to put on your account.
- STEP 3** You email the names and your course details after the course (we provide a sheet to fill in).
- STEP 4** We deduct the number of credits you've used from your account and dispatch your cards by return 1st class post.
